

INFORMATION FOR MOTOR HOMES USING OVERNIGHT PARKING SITES ON CROFTS 2018

Welcome to Tiree. We hope you enjoy your stay. Thank you for choosing to stay on one of our croft sites. By staying on one of these sites (or the private campsite at Balinoe) you are helping to preserve the fragile machair and to protect the birds, wildlife and natural environment of Tiree. You are also helping to preserve our natural heritage by supporting the crofting community.

We also have parking areas around the island. These are free to use and again have been sited to allow access to the main beaches. Using these also helps us preserve the machair. You can help to maintain and develop these areas by purchasing a 'Protecting Tiree's Natural Environment' sticker. All funds from these go back into environmental improvements.

When using a croft site please help us to keep them clean and tidy for the next visitors. We hope that you do not find this too intrusive. Following the few simple rules below will help to keep the croft sites and car parks in good order:

- Please do not have fires or barbecues on the machair or grass. If you do want to have a fire or barbecue there are plenty of sheltered beaches where you can do so.
- Keep your pitch clean and tidy and leave it as you find it. All rubbish can be disposed of in the large green bins at the toilets in Scarinish or at the pier car park, or at the local landfill site near Gott Bay.
- Black and grey water can be disposed of at Scarinish public toilets. Grey water may be drained into the gully at the roadside outside the toilets. Black water must be disposed of into the waste disposal point for chemical toilets in the fenced area to the right of the public toilets.

- The waste disposal point leads to a **septic tank**. Please do not block this or use it to dispose of **wipes or disposable nappy liners**. Please flush the chute afterwards to keep it clean and clear for other users.
- Water can be collected from the outside tap at the front of Scarinish toilet block.
- Please leave gates as you find them.
- Dogs must be kept on a short lead and away from other users and livestock. Please exercise your dog off site and clear up all mess.
- Please be aware that there may be livestock and farm machinery near to any site or car park so for safety please keep children under supervision at all times and also watch out for yourself.
- Respect the privacy and peace of others on site. Please keep noise to a minimum and keep 11pm to 7am a quiet time.
- Tents can be erected alongside motorhomes but please get permission beforehand from the crofter or the Ranger.
- Site owners accept no responsibility for the loss or damage to persons or property arising out of the use of a site.
