

TIREE CROFT SITES 2021

● WILD DIAMOND BALINOE CAMPSITE
Tents, caravans and towed caravans are all welcome. Facilities include indoor eating & kitchen area, hot shower, wash hand basin & toilet facilities, fresh running water from exterior taps and complimentary wifi. Contact: www.tireecampsite.co.uk info@tireecampsite.co.uk 01879 220399 • 07712159205

Tiree welcomes campers with cars, campervans, motorhomes and touring caravans. We hope that you enjoy your stay. Campers who are walking, cycling or kayaking are free to Wild Camp responsibly around the island under the Scottish Outdoor Access Code. However, because of the fragile nature of Tiree's machair (the grass areas near our coast and dune systems) we are unable to cater for informal camping from motorised vehicles (including motorcycles, cars, vans, campervans, motorhomes or touring caravans).

To assist visitors wishing to camp alongside their vehicle, or who want to bring their motorhome or touring caravan to enjoy our beautiful island, we have introduced Croft Sites across Tiree. In addition, Balinoe Campsite runs as a separate, private business.

Before visiting Tiree please read this information on how to book a Croft Camping pitch and/or for Balinoe Campsite contact details.

Camping

Responsible Wild Camping is free on Tiree for walkers, cyclists and kayakers under the Scottish Outdoor Access Code. Please keep this to small numbers and only stay in one place for up to three nights. As you will likely be using croft land, on which livestock may be grazing, we ask that you are discreet and keep any dogs under close control, ideally on a lead.

- 4 BALEPHETRISH WEST** • Flat site with views across Balephetrish Bay. Ideal for those evening sunsets. Beach is only meters away. Easy access from the road.
- 5 BALEPHETRISH EAST** • Flat site with views across Balephetrish Bay. Ideal for those evening sunsets. Beach is only meters away. Easy access from the road.
- 6 BALEPHETRISH HOUSE** • Secluded spot on its own small sandy bay. Ideal for families with small children. Restricted turning space.
- 9 GOTT BAY EAST** • Small site just across the single track road from the beach. Sheltered site popular with families and small children.

Booking a Croft Site

To book a croft site, please contact Tiree Community Development Trust by telephone or email. The map on the reverse of this card shows the location of our croft sites, and a brief description is given for each. All sites are close to our wonderful beaches. Croft site pitches are charged at £12 per pitch per night. A maximum of three pitches are available at each.

Please note that croft sites charges go directly to the site owners. This helps to maintain the traditional crofting way of life predominant on Tiree.

Why We Want You to Use a Booked Site

Tiree's environment is beautiful but fragile. Our landscape does not stand up to unregulated use by recreational vehicles, and can become damaged very quickly. Tiree is well known for its wildlife; in particular, our many species of wading and farmland bird. At certain times of the year, these birds nest on the ground. Their nests, eggs and chicks are easily harmed or disturbed by vehicles.

By using croft sites, the Balinoe Campsite, and by parking in marked areas around the island, you are helping us protect our environment and wildlife for future generations to enjoy. You can assist us in maintaining and developing these areas by purchasing a window sticker. All funds from these go back into environmental improvements.

Please ensure you have booked somewhere to stay overnight on Tiree before you arrive.

INFORMATION FOR THOSE USING CROFT SITES

When using a croft site, please help us to keep them clean and tidy for the next visitors. We hope you don't find this too intrusive. Following the few simple rules below will help to keep the croft sites and day-parking areas in good order:

- Please do not have barbecues or fires on grassed areas (including dunes). If you do wish to have a barbecue or fire, there are plenty of sheltered beaches where you can do so. Please restrict fires to the beach sand, and make time to remove all traces when you have finished. **In particular, we ask that you check carefully for nails that may have fallen from burned driftwood. These are extremely dangerous to children and livestock.**
- Keep your pitch clean and tidy and leave it as you find it. All rubbish can be disposed of at the Argyll and Bute Council Gott Bay Recycling Centre (see: isleoftiree.com for opening times).
- Black and grey water can be disposed of at Scarinish public toilets. Grey water may be drained into the gully at the roadside outside the toilets. Black water must be disposed of at the Chemical Waste Disposal Point, in the fenced area to the right of the public toilets.
- The waste disposal point leads to a septic tank. Please do not block this or use it to dispose of wipes or disposable nappy liners. Please rinse the chute afterwards to keep it clean and clear for other users.
- Drinking water can be collected from the outside tap at the front of Scarinish toilet block.
- Please leave all gates as you find them.
- Dogs must be kept on a short lead and away from other croft site users and livestock. Please exercise your dog off-site and clear up all mess.
- There may be livestock and farm machinery close to any croft site or day-parking area. For safety, please keep children under supervision at all times and be aware.
- Respect the privacy and peace of other site users. Please keep noise to a minimum. Between 11pm to 7am, we ask that you observe a quiet time.
- Tents can be erected alongside vehicles, but please check beforehand with Tìree Community Development Trust.
- Site owners accept no responsibility for the loss or damage to persons or property arising from the use of a croft site.
